

Waiting Room Policy

While we are a child-friendly facility & greatly enjoy caring for our pediatric population, please observe the following for your child's safety.

Out of respect and comfort for other patients, we ask that if you bring your children, please keep an eye on them. In the waiting room, children are still under the parent's responsibility and we are not liable for any accidents.

Children should always be accompanied by a parent/guardian or assigned caregiver.

Please do not stand on the salt lamps.

No jumping or running in the office.

Cell Phones

If you need to take a phone call, please step outside. Please be respectful of the other patients and keep the ringer volume low or on vibrate.

Please do not use your cell phones while in the treatment rooms or during scheduled office visit time to ensure timeliness and to limit distractions to practitioners.

Diaper Changes

In the event of a child needing a diaper change, out of courtesy for the other patients, we ask you to change the diaper in our bathroom. However, the diaper may not be disposed of in our office. We will supply a paper bag if needed.

Fire Drill / Alarm

In the case of a fire drill, we will alert the patients to the fact that there will be a fire drill. However, whether it is a drill or a real alarm, we will do the following: the receptionist or PA will direct you towards the front office door where we will meet at the building sign. We will stay in this area until otherwise told it is safe or until the alarm stops.
